

The Florida TeleHealth Workgroup Meeting
Meeting will be held virtually
Friday, July 28, 2023, 10:00 AM – 12:00 PM

Workgroup Objectives:

Provide insight and direction regarding the advancement of telehealth in Alabama.
Encourage collaboration among existing telehealth networks and programs.

Agenda

Welcome & Introductions: Lloyd Sirmons

Thank you all for joining today's meeting. We had 44 in attendance for today's meeting. We will be looking at doing our next workgroups around the 2nd week of October. We will do in person meetings with a virtual option.

SE Telehealth Resource Center Regional Updates: Lloyd Sirmons

- **Southeast Region Telehealth Conference – New Orleans, LA – Feb 2024**

- The SETRC parent company, GPT, is now affiliated with the Mercer University School of Medicine. It will be business as usual. There will be some minor changes in branding with color changes, etc. The SETRC will function as usual.
- The SETRC is partnering with the SCTRC, TEXLA, the MUMC Center of Excellence and the MUSC Center of Excellence in hosting a telehealth conference in New Orleans next February. More information will come shortly. More information will be sent out as planning continues.
- Emergency Management partners The SETRC is looking for partners in the emergency/disaster preparedness space. We are looking for partners to take advantage of the mobile learning center in disaster preparedness situations.
- SETRC Resources
 - NSAT (www.nsat.us) (search for telehealth)
 - Telehealth In Practice <https://telehealth-in-practice.thinkific.com/courses/telehealth-training>
 - Telehealth Modalities
 - The Telehealth Team
 - Telehealth Technology
 - Telehealth and Broadband Connectivity
 - Telepresence Skills
 - Telehealth Use Cases

We are grateful to Kendra and Matt for taking the time to share with the group today.

Program Spotlight

CommHIT –Kendra Siler, PhD – Kendra will introduce CommHIT's upcoming event at its Kennedy Space Center HQ (www.CommHIT.org/commhit23event) and review CommHIT's telehealth-related workforce development in Florida. CommHIT focuses on the discovery and efficiency of processes and technologies dealing with the remote care of people—particularly those in rural, underserved, and other remote areas. Although CommHIT works on “earth,” CommHIT's work deals with efforts that can be used for people in space (like telehealth!)—as they are remote.

Unite Us – Matt Hernandez - [Unite Us](#) is the nation's leading software company enabling collaboration across sectors to improve the health and well-being of communities. Unite Us' secure solution establishes a new standard of care that identifies and predicts social care needs, helps connect people to services, and leverages meaningful outcomes data to further drive community investment. Through Unite Us' national network and

software, community-based organizations, government agencies, health plans, and healthcare providers are all connected to better collaborate and meet the needs of the individuals in their communities. Follow Unite Us on [LinkedIn](#), [Twitter](#), [Instagram](#), and [Facebook](#).

State Policy Update

- CCHP Legislative update: <https://track.govhawk.com/reports/M6gz1/public>
- AL BCBS update – Debbie Meadows, HCN Senior Project Manager, BCBS of Alabama
- Update from AL MCAid – Latonda Cunningham, Associate Director for Dental, EPSDT, and Physician Division, and Telemedicine Team lead will present with Beth Huckabee, Director of the Dental, EPSDT, and Physicians Division.

Federal Policy Update – Lloyd Sirmons

- CCHP federal policy tracker <https://www.cchpca.org/federal/pending-legislation/>
- Mei Kwong – CCHP – 2024 proposed PFS overview - <https://www.youtube.com/watch?v=3zBhRXpoVv0>
- The CCHP recently posted their 2024 PFS Fact Sheet <https://www.cchpca.org/resources/>
- **DEA prescribing rules** – For any practitioner-patient telemedicine relationships that have been or will be established up to November 11, 2023, the full set of telemedicine flexibilities regarding prescription of controlled medications established during the COVID-19 PHE will be extended for one year – through November 11, 2024.
- **Proposed 2024 Physician Fee Schedule (PFS)**
 - CMS will accept comments on the proposed rule through Sept. 11.
- **Expanded Telehealth Access Act (HR 3875)** would add physical therapists, physical therapist assistants, and other therapy providers in private practice, as well as facility-based outpatient therapy providers under Medicare Part B, as permanent authorized providers of telehealth services under Medicare.
- **CONNECT for Health Act 2023** will expand coverage of telehealth services through Medicare, make permanent COVID-19 telehealth flexibilities and make it easier for patients to connect with their doctors.
